Herbal Pillows with Flaxseed n Great Heating Pads

Heat therapy for pain relie

**Perfect for backache, neck pain, migraines, s
and more!**

Herbal pillows and comfort packs, make a great heating pad and are source of moist heat therapy that you can find. Our Herbal Concept pillows use 100% premium flaxseed filler and natural herbal aromats your microwave and freezer.

All Herbal Heat pack's herbal blends have been specifically formula relief and stress relief:

By Dr. Chris D. Meletis, N. D., Clinic Director and Chief Medical Office National College of Naturopathic Medicine in Portland, Oregon

All Natural

Completely Reusable

Safe Heat Therapy

A few minutes in the microwave and it is ready to use. The herbal l stay warm for up to an hour. When used in bed they will stay warm night. The larger the size the longer they will retain moist heat. The great flexible cold packs. Versatile products that provides moist he without an expensive hydro-collator.

Moist Heat therapy More Effective than Ibupro Aspirin

A Recent study shows moist heat packs more effective at relieving pain than aspirin and ibuprofen and the effects last 48 hours after a Moist heat treatment of lower back pain.

Tip: for menstrual cramps, try brewing a cup of Japanese Gri or chamomile tea and the moist heat of a Comfort Pac or a Bi Pac for your tummy... AHHH!

Why we use Flaxseed (click for more details)

It will not smell like cooked food after heating.

It will continue to provide long lasting heat use after use.

It will provide significantly longer heat without burning than with the same bulk and weight.

It conforms smoothly to your body.

It has superior moisture absorption

Yes, it cost more but we think it is worth it, Try our flaxseed product and you will too.
